

Dear New Student:

All University of Chicago students must provide proof of immunity to certain diseases as required by Illinois state law.

For students matriculating in Autumn 2009, the deadline to complete and return the Immunization Form is **AUGUST 7, 2009**.

You can find information about which immunizations you need to prove and what paperwork you will need to show on the form, which is available at: [http://scc.uchicago.edu/pdf/immunizations\\_general.pdf](http://scc.uchicago.edu/pdf/immunizations_general.pdf). Questions should be directed to [sccimm@uchospitals.edu](mailto:sccimm@uchospitals.edu).

The University of Chicago will hold Immunization Days in fall for students who are missing vaccine information. You can find more information on the flier, which is available at: [http://scc.uchicago.edu/pdf/scc\\_immunization\\_days\\_2009.pdf](http://scc.uchicago.edu/pdf/scc_immunization_days_2009.pdf).

Best,  
Kelly
